Ever thought of a career in Advanced Manufacturing?

In conjunction with the Exploring Division of the Seneca Waterways Council, Optimax is hosting an Exploring Post for youth to discover their future in many different aspects of Advanced Manufacturing throughout the school year.

Engaging, hands-on experiences include:

- PROJECT-BASED LEARNING
- MENTORING BY INDUSTRY PROFESSIONALS
- OPTICAL FABRICATION
- GROUP COLLABORATION

We invite you and a parent or guardian to join us for this informational meeting.

See you there!
